Any compensation and/or transportation provided to the player or college coach of the player in connection with such timing or testing shall be considered conduct detrimental to the League. Other than the club holding rights to such player, clubs shall not, without permission of the club holding rights to such player, time or test a player who is subject to re-draft in a second Selection Meeting under any collective bargaining agreement, despite the fact that such player ultimately is redrafted.

The Commissioner must be notified by the club of all such examinations prior to the physical. A physical examination shall be the only reason for a member club to bring in a player who is eligible for the Selection Meeting to its city and/or training facilities prior to the Selection Meeting. During the period from one week prior to the Selection Meeting up to and including the final day of the Selection Meeting, no club shall transport or sponsor the transport of a draft-eligible player to its offices, workout facilities, home city or other site without prior permission of the Commissioner, and no club shall, during the same period, house a draft-eligible player at any site, including sites within his home city. Further, at no time shall a member club give or offer to give anything of significant value, directly or indirectly, including but not limited to arrangements for transportation, to a draft-eligible player until the final round of that year's Selection Meeting is completed.

A club which follows the procedures of this sub-section (b) (ii) may use the involved player or players in practice sessions but cannot activate the player or players during that same regular season or post-season. Or (iii) Place the player on waivers, which waivers shall carry the designation "Failed Physical" if the player has not yet passed the physical standards of the club, or (iv) Trade the player in accordance with all applicable rules, or (v) Continue to count the player on the Active List subject to all rules applicable to players who have passed the club's physical. Any player in the status of Physically Unable to Perform/Active who appears in a pre-season game shall be subject to all rules applicable to players who have passed the club's physical. (c) Place the player on Reserve as Physically Unable to Perform and hold the player out of all practice until October 8, on which date and all dates thereafter through October 25 the player may resume practice with the club without counting within the applicable player limit. Clubs must report the resumption of practice by such players to the League Office on or before the date of practice. After a maximum of two weeks of practice, the club must: (i) Keep the player on Reserve as Physically Unable to Perform for the remainder of the season. A club which chooses the option of this sub-section (c) (i) may use the involved player or players in practice sessions for the remainder of the regular season. Or, Page 47 12.4 (A) After the first mandatory roster reduction in the preseason and for the remainder of the season a member club desiring to try out a player seeking employment with that club may do so on one day only and only if the date of his presence with that club is reported by TWX to the League office prior to the completion of such tryout. The League, in turn, shall promulgate all such tryouts to member clubs. Helmets and protective pads for elbows and knees are permitted; all other pads are prohibited. The involved player or players shall not be on the club's practice field at the same time as regular practice is being conducted. The club shall be allowed a maximum of two players from its Active List to participate with the tryout player during his tryout. Multiple tryouts of the same player in the same season by a club are prohibited unless, following - 6 -

Article XII Page 47 (Cont.) the most recent tryout, the player is placed under contract and released by another club in the League. Nothing in this sub-section is to be interpreted in any way as a modification of Section 17.5(B) of this Constitution and Bylaws and therefore such player may not participate in practice with the playing squad. No remuneration of any kind, except normal travel and lodging expenses may be paid to such player while not under contract. Players tried out under this rule are not subject to the provisions of Section 17.5(C) which restrict the return to a former club. Waiving of players will not be permitted during the period from
4:01 p.m., New York time, on the Wednesday prior to the final regular
season game up to and including the day of the World Championship Game.

If any club is awarded a player on the day clubs involved in the playoffs
must establish their post-season rosters, and the acquisition of such player
requires the club to make room on its roster, the club will have until
5:00 p.m., New York time, on that day to request waivers on another player,
which waivers will be promulgated to all clubs, but the claiming period
will not begin until 4:00 p.m., New York time, on the day following the
World Championship Game.

18.12 Where any player contract awarded on waivers to another club contains a provision purporting to impose, or having the effect of imposing, financial obligations on the claiming club that were not imposed on the waiving club, the waiving club shall bear the ultimate financial responsibility for meeting such obligations.

Page 74

18.13 Clubs are probibited from re-negotiating, revising, altering or superseding any contract in a manner that would constitute a deterrent to claims of that contract by another club; e.g., "guaranteed" and "no trade" provisions. If such a contract is executed, the club may not subsequently waive the player in that season.
